Dear Dr. Henney:

This letter is in favor of the FDA approving the claims
filed for saw palmetto for men's prostate problems.
Also, Vitamin E, folic acid and Vitamin B6 and B12 for
heart problems. Many families have lost loved ones which
shouldn't have -- plus all the pain and suffering.

The FDA is to protect our nation's health, right? Or are
they helping the pharmaceutical companies line their pockets?

We will appreciate your help and concern.

Thank you,

Velma League
